

Dedicated in May 2007, the AUHSD Performing Arts Center at Kennedy High School was funded and built by the Anaheim Union High School District. Primarily intended for use by all the various performing groups in which students of the District's 18 Junior High and High Schools participate, this \$17 million facility has a state-of-the-art sound system and concert hall acoustics, with a stage capacity of 300 performers, and an audience seating capacity of 780 people. It is also

available for groups from the surrounding communities for public and private events.

The AUHSD Performing Arts Center at Kennedy High School

As beautifully equipped as this facility is there are still several items needed that the District was not able to provide. That's where the Kennedy Center for the Performing Arts Foundation comes in. Founded over 5 years ago, the Foundation is a dedicated group of volunteers committed to making the Performing Arts Center a top-notch facility now, and for decades to come. The following table outlines what your generous donations have enabled us to purchase, and what your continued support will allow us to purchase in the future.
